NOTES FOR INSTRUCTORS AND EXAMINERS

Details of the requirement are in BGA Laws and Rules. The following notes are provided as a practical 'aide memoire' for testing instructors and examiners.

CANDIDATE EXPERIENCE REQUIREMENT

In addition to completing the necessary training to achieve the standard required, the experience requirement is defined in Laws and Rules under 'Gliding Certificate and Endorsements'. Subject to specific agreement on an individual basis by the BGA, the experience hours requirement may be reduced by 50% for applicants with prior relevant experience - contact the BGA Training Standards Manager via the BGA Office.

WHO CAN CARRY OUT THE TESTS?

Any holder of a valid BGA Full Rated instructor rating or a valid BGA Examiner authorization can carry out the ground and flying tests.

THEORETICAL KNOWLEDGE TEST

The approved examination questions are those made available to CFI's as BGA supplied computer based randomly selected examination papers or, where superseded, by BGA supplied pre-prepared examination papers.

ORAL TEST

The oral test is normally but not necessarily carried out at the same time as the Skills Test. The oral test must include the following;

Aircraft Limitations – Refer to the glider Flight Manual. The candidate must be aware of and demonstrate the ability to extract an example of operating limitations from the glider flight manual.

Altimetry –The candidate must be aware of altimeter setting procedures and demonstrate a practical example in a glider cockpit.

Rigging – Refer to the glider Flight Manual. The candidate must be aware of how to confirm the correct rigging of a glider including control connections. Candidate must be aware that if in doubt, they must seek qualified help, e.g. a BGA inspector before the glider flies..

Pre Flight Daily Maintenance –Refer to the glider Flight Manual and the BGA GMS. The candidate must be aware of the Daily Inspection requirement including evidence of completion (i.e. the DI record). The candidate must be aware of when and how to carry out positive control checks.

NOTAMs - The candidate must describe how to obtain and interpret current NOTAM information from an approved source (for example but not necessarily the AIS website).

GENERAL SKILLS TEST

A minimum of three flights in a dual controlled glider with a Full Rated Instructor who will be satisfied during the BGA Bronze Badge General Skills Test that the candidate has the ability to operate the glider within its limitations, complete all manoeuvres with smoothness and accuracy, exercise good judgement and airmanship, maintain effective lookout, and maintain control of the glider at all times in a manner such that the successful outcome of a procedure or a manoeuvre is never seriously in doubt. During the test the candidate must demonstrate an appropriate level of practical skill and knowledge. The following phases of flight must be assessed;
